UPDATE 4:00pm

The Lending Cupboard Open By Appointment Only

The Lending Cupboard is committed to protecting clients, volunteers and staff from COVID-19. The decision made by the Board of Directors and the Executive Director, Dawna Morey is to make services available **by appointment by phone only** effective March 23, 2020.

“Making medical equipment available to those in need can be done in a responsible way; keeping employees and clients safe continues to be our top priority. The Lending Cupboard is here to help AHS and our community! This is a fluid situation and the decision to re-open **by appointment only** is subject to change but for now we want to do what we can do to support those in need of essential medical services,” announces Dawna Morey.

The Lending Cupboard in Red Deer is a registered charity that lends medical equipment to citizens in Central Alberta. Equipment such as wheel chairs, walkers, air boots are just a few items that help keep people mobile. Bath benches, toilet risers are some of the equipment needed to recoup and stay in your home. Current clients of The Lending Cupboard are asked to hold onto any borrowed equipment at this time **as returns are still not being accepted**. For everyone’s safety, re-opening **by appointment only** is solely for lending purposes not returns.

Donations to The Lending Cupboard are graciously accepted during this difficult time on line or by mail. To support The Lending Cupboard Red Deer visit www.lendingcupboard.ca.

To reserve medical equipment and book an appointment to pick up at the front doors of The Lending Cupboard please call 403-356-1678. Giving central Albertan's access to medical equipment and daily living aids that will enhance their quality of life which is essential at a time like this is our mission. Ongoing service updates can be found on TLC website and social media.
